ABSENCES / ATTENDANCE / TARDIES

If your child is to be absent because of illness, you are required to call the school before 9:00 A.M. and report the absence each day. If your child is absent and we do not receive a call, we will call you at home or your place of employment to verify the absence. During a long-term illness, a parent may call on the first day and notify the office of the anticipated length of the absence. **School policy requires a doctor's written excuse for any student who is absent from school due to illness in excess of 4 days per quarter cumulative. Any absences in excess of 4 days per quarter will be marked unexcused without a doctor's note.** A doctor's note provided for an illness will be changed to "Medical Verification" for attendance purposes. These dates will not count towards the 4 days per quarter cumulative absences for illness. Parents are encouraged to communicate with their child's teachers if their child is absent three or more consecutive days. **Homework must be requested by 9:00 A.M. and may be picked up in the office between 2:30 and 3:30 P.M.** Please be aware that requests made after 9:00 A.M. may not be ready for pick up the same day.

For planned absences, such as family vacations during the school year, parents should notify the academic team and office in writing in advance. While such absences are discouraged, makeup work will be provided as long as teachers have sufficient notice. Every effort should then be made to complete this makeup work in a timely manner, as determined by each teacher. It must be realized that not all lessons taught in school can be made up at home or assigned weeks in advance. **Makeup work cannot replace actual attendance at school.**

A student must be in attendance for a minimum of 5 clock hours to be considered a full school day. For children who must leave school early or enter school late, parents are required to sign their children in or out in the office. Students who leave school early for reasons of illness, appointments or notes from home will be released only to their parent or legal guardian unless prior arrangements have been made through the building principals.

Conscientious school attendance is one of the most important tasks of a student. The attendance, maintained while in school, will be looked upon by future employers as one of the basic criteria of employment. Students who stay home for trivial illnesses or because they do not feel like attending school are, in effect, hurting no one, but themselves. They are missing vital information in their education and, therefore, placing their future in jeopardy. We will closely monitor all absences and hope for the cooperation of parents in improving school attendance. Chronic or habitual truant shall be defined as a child who is subject to compulsory school attendance and who is absent without valid cause from such attendance for **5% or more of the previous 180 regular attendance days**. As attendance to school becomes a truancy issue, parents will be notified in writing of this concern.

EXCUSED ABSENCE: An excused absence is defined as an absence due to sickness or an emergency in the family in accordance with the state law. Students who have been excused from school are allotted one (1) day per day excused to hand in all school work missed. It is the student's responsibility to contact each teacher for the assignments. If a student has received a long range assignment or notification of an assessment date and is absent (excused) when the assignment is due or on the day of the assessment, a teacher can require that the assignment be turned in or the assessment made up on the day the student returns to school.

MAKE UP WORK FOLLOWING EXCUSED ABSENCES: An excused absence allows for make-up privileges. After such an absence, a student is expected to see their teachers and take the necessary steps to make up the work missed. Students have the number of days missed to turn in makeup work for full credit. This does not apply to longstanding assignments. Longstanding assignments are defined as projects or essays which students are given at least 5 school days to work on the assignment. For example, if a student was assigned a research paper and was absent on the date it was due; the makeup policy does not apply and the assignment is due upon return.

Acceptable absences include, but are not limited to:

1. Personal illness
2. Severe illness or death in the family
3. Family need (be specific)
4. Religious observances
5. Quarantine
6. Court appearances
7. School sponsored activities
8. Other reasons such as family vacations, in which we have been notified in advance.

"**Needed at home**" is not a sufficient excuse. The parent's note must indicate the reason for the emergency requiring the student's missing school. **A student must be present at school a minimum of five (5) hours to be eligible for participation in after school extra-curricular activities such as athletics, band concerts, chorus presentations, trips, etc.** If a student goes home ill during the day, that student becomes ineligible for participation in any after school extra-curricular activities that day.

Our teachers are usually quite generous about giving students time to make up work for excused absences. The school cannot, however, promise to provide a tutoring service for students who have taken extended vacation trips.

UNEXCUSED ABSENCES: Examples of absences that cannot be excused include, but are not limited to:

1. Errands, which could be scheduled when a student is not required to be in school
2. Oversleeping
3. Car trouble
4. Leaving school without receiving proper authorization
5. Missing bus ride

Unverified absences may result in an unexcused absence from school. The decision whether an absence is excused or unexcused is at the discretion of the school's administration.

TARDIES

TO SCHOOL: It is very important that children arrive at school on time. The educational process is disrupted for all concerned when this does NOT occur. When tardy to school, a student must report to the main office to sign in before attending class. Excused tardies are appointments with orthodontist, dentist, doctor, eye doctor, etc. with a doctor's note. Unexcused tardies are oversleeping, missing bus, etc. Tardy policy is in effect at beginning of each quarter. All tardies to school are cumulative each quarter.

4th tardy:	One detention
5th tardy:	One detention
6th tardy:	Two detentions
7th tardy:	Two detentions
8th tardy:	Parent/Administration Meeting
9th and additional:	In-school suspension

TO CLASS: Tardiness to class is defined as when a student is not in his/her seat at the beginning of each class period. If a student has a pass from a teacher or other school personnel, he/she is excused for being late for class. Students will be held accountable for each unexcused tardy to class. A teacher, grade level, or team directed consequence will result for each incident up to seven (7) in each grading quarter. After that the eighth will result in referral to the office. All tardies to class are cumulative through each quarter.

ACCESS TO STUDENT SOCIAL NETWORKING PASSWORDS AND WEBSITES

If a student has an account on a *social networking website*, e.g., Facebook, Instagram, Twitter, ask.fm. etc., please be aware that State law requires school authorities to notify parents that a student may be asked to provide his or her password for these accounts to school officials in certain circumstances. *Social networking website* means an Internet-based service that allows students to: (1) construct a public or semi-public profile within a bounded system created by the services; (2) create a list of other users with whom they share a connection within the system; and (3) view and navigate their list of connections and those made by others within the system.

School authorities may require a student or his or her parent/guardian to provide a password or other related account information in order to gain access to his/her account or profile on a social networking website if she authorities have reasonable cause to believe that a student's account on a social networking website contains evidence that a student has violated a school disciplinary rule or procedure.

AFTERSCHOOL ACTIVITIES

Students who are in the building after school must be there for a specific activity and should have a ride arranged the day prior to the respective activity. If an activity concludes early, students must report to the supervised area until their ride arrives.

All students staying after school as spectators for athletic or special events or any other reason are subject to the student disciplinary code and consequences. Participating in after school activities or extra-curricular activities is not a valid excuse to miss an assigned after school detention.

Students staying after school for any specified reason should arrange, in advance, for a ride home from school.

BEHAVIOR & DISCIPLINE

One of the core values of the Middle School is the maintenance of a pleasant, orderly, supportive atmosphere. To achieve this requires a spirit of cooperation among students, teachers, parents and administrators. This cooperation promotes an atmosphere that enables and encourages excellence in education. In an effort to support this cooperation, all students and their parents should review the student rules.

A good plan for discipline includes organization to prevent problems along with praise, appreciation and recognition for effort and achievement in addition to consequences for unacceptable behavior. This procedure does not define all types and aspects of students' behavior, but rather basic areas to help each student conduct him/herself in a proper manner as a member of the school community, treating others as they want to be treated, with respect and courtesy.

SCHOOL DISCIPLINE PROCEDURE:

Staff Responsibilities: The staff at the Middle School will deal with the classroom discipline as well as other school related supervision. If a student's behavior is objectionable, the staff member may use any of the following appropriate options:

- | | |
|-------------------------------|--|
| a. intervene to stop behavior | e. assign restrictions or detentions and/or refer to the principal |
| b. confer with the student | f. assign restitution |
| c. contact the parent | g. confiscation and/or temporary retention of personal property |
| d. counselor contact | |

Student/Teacher Rights

- I have a right to teach
- My students have a right to learn
- In my classroom, no student will stop me from teaching or stop another student from learning

Administrator's Responsibilities: The administrators, as they work through this discipline procedure with staff, will at every stage be concerned with finding causes for misconduct for which the actions of the students are symptoms. It will be the goal to seek and find appropriate help for students who are in need.

The administration will establish the discipline philosophy and procedures for the Middle School. They will also serve as a resource for all discipline related problems. The principal is the final building level source of appeal in the "due process" procedures.

Disciplinary measures: Potential disciplinary measures include, without limitation, any of the following:

1. Verbal warning.
2. Notifying parent(s)/guardian(s).
3. Disciplinary conference.
4. Withholding of privileges.
5. Temporary removal from the classroom.
6. Lunch or teacher detention.
7. Return of property or restitution for lost, stolen, or damaged property.
8. In-school suspension.
9. After-school detention.
10. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
11. Suspension of bus riding privileges.
12. Out-of-school suspension.
13. Expulsion.
14. Notifying juvenile authorities or other law enforcement.
15. Other disciplinary action as deemed appropriate by the administration.

Level-Step Disciplinary System: The Middle School level-step disciplinary system identifies three levels (A through C) of misbehavior. Consequences are progressively more serious as infractions accumulate. It is the hope and intent that this system will deter future misconduct and engender in students a respect for the rights of others and the need for the rule of law both in school and society.

Level A - SCHOOL RULE INFRACTIONS THAT DISRUPT THE EDUCATIONAL ENVIRONMENT

- Such as, but not limited to, class room disruption, insubordination, disrespect, personal dishonesty, academic dishonesty, throwing objects, public display of affection, profanity, failure to report to an assigned disciplinary action, bus violations, dress code violations, electronic device/cell phone violation, being in an unauthorized area, violation of normal school rules, unexcused tardiness to class or school, and unexcused absence from class.
- **Level A infractions may result in warnings, restrictions, detentions, or suspension in/from school.**

Level B - SERIOUS RULE INFRACTIONS THAT INFRINGE UPON THE RIGHTS/SAFETY OF OTHERS

- Such as, but not limited to, repeated level A infractions, aggressive behavior (includes play fighting), fighting, aiding and abetting the violation of school rules, vandalism, locker tampering, theft (includes attempted theft or being caught in the act of), extortion, possession of inappropriate objects or material, technology violations, forgery, harassment of other students, chronic misbehavior and truancy. Tampering with fire extinguisher or health safety equipment, false fire alarm.
- **Level B infractions may result in disciplinary measures up to and including suspension in/from school (up to 10 days), a recommendation to the Board of Education for expulsion (up to 2 years) and police notification/involvement**

Level C - GROSS DISOBEDIENCE

- Such as, but not limited to, repeated level B infractions, an act that endangers oneself or others, felonious acts, threats/physical attacks of a staff member on or off campus, threat(s) towards others, possession or assisting in the possession of a weapon, arson, possession of or use of illegal drugs or alcohol, participation in a transaction/transfer of or attempted transaction/transfer of drugs or alcohol, possessing/using tobacco products including, but not limited to, look alike tobacco products, electric cigarettes, chewing tobacco, and herbal cigarettes or alternative nicotine products on school property or at a school sponsored event, gambling, gang activity, sexting, and assault.
- **Level C infractions may result in disciplinary measures up to and including suspension from school (up to 10 days), a recommendation to the Board of Education for expulsion (up to 2 years) and police notification/involvement. Any student who possesses a weapon as defined in Section 10-22.6(d) of the School Code or Board Policy 7:190 shall be expelled for not less than one year.**

In the event that any type of contraband (vapor devices, cigarettes, drugs, etc.) is discovered as part of an investigation, it will be retained by the school and may be turned over to the police for destruction.

Conduct Motivated by Prohibited Discrimination: When making a determination as to the appropriate discipline to impose for misconduct pursuant to this Code of Conduct, including determining whether to recommend a student for expulsion, the administration may take into consideration whether a student was motivated, in whole or in part, by prohibited discrimination. Students who commit any offense directed against another person (including, but not limited to, assault, battery, bullying, harassment, threats, theft, or vandalism) where such conduct is motivated in whole or in part by prohibited discrimination may be subject to more severe disciplinary consequences. By way of example, and not limitation, a Level B offense may be elevated to a Level C offense if motivated by prohibited discrimination. "Prohibited discrimination" means conduct based upon actual or perceived color, race, nationality, religion, sex, sexual orientation, ancestry, age, physical or mental disability, gender identity, status of being homeless, immigration status, order of protection status, actual or potential marital or parental status, or pregnancy.

DISCIPLINARY CONSEQUENCES

Warnings: Teacher/administrator/student conference may be held in hope of eliminating further disciplinary consequences.

Lunch restriction/Isolated Lunch (ISO): Lunch restrictions/Isolated Lunches are 30-minute detentions during the lunch period assigned by classroom teachers and served with staff. Students will be permitted to get their lunch and then should report to the supervising teacher for the remaining lunch period. Lunch restrictions/Isolated Lunches are assigned in cases of first time or infrequent misconduct of a lesser nature. The staff member will inform the student in writing, and when appropriate, will call home.

Teacher Assigned Detentions: Teacher assigned detentions are detentions assigned by classroom teachers. They are served with the designated detention supervisor and are 1 hour and 15 minutes long. Teacher assigned detentions are assigned in cases of first time or infrequent misconduct. The staff member will inform the student and parent in writing, and when appropriate, will call home. Parents are responsible for providing transportation home. Transportation inconveniences are not a valid excuse for missing a detention. Failure to appear for an assigned detention may result in further disciplinary consequences.

Office Assigned Detentions: Detentions can be issued by any staff member. However, office assigned detentions are assigned in cases of serious misconduct and/or frequent misconduct of the same nature. A detention will be 75 minutes in length (1 hour, 15 minutes) and commence immediately after classes are dismissed for the day. Students and parents will be notified of the assigned date(s) of the consequence. Parents are responsible for providing transportation. Transportation inconveniences are not a valid excuse for missing a detention. Failure to appear for an assigned detention may result in additional disciplinary consequences. Absence on the day of a detention will cause the detention to be served on the next detention day. Detentions will be assigned Tuesday through Thursday.

Contracts: An administrator may write a behavioral contract to provide a more structured setting for a student in hopes of eliminating inappropriate and unacceptable behaviors.

IN-SCHOOL OR OUT-OF-SCHOOL SUSPENSION

Administration may assign a student an in-school suspension or out-of-school suspension for, but not limited to, chronic acts of misconduct, single acts of gross misconduct, gross insubordination, truancy and dangerous actions to self and/or others. Parents will be notified of any in or out-of-school suspensions directly by an administrator, both in writing and by phone.

In-School Suspension: In cases of some serious misconduct or frequent misconduct of the same nature, students will be assigned to the in-school suspension room for their classes that day. Any disruption may result in further disciplinary consequences.

Out-of-School Suspension: Suspension will generally be imposed in cases of frequent misconduct of the same nature. Administration reserves the right to require a parent meeting prior to reentering the student population following the suspension. Students may not participate in or attend extra-curricular activities while under suspension. At the time of an out-of-school suspension, the student will remain in the office until a parent/guardian or their designee comes to pick up the student from school.

A suspension may not exceed ten days. Prior to a suspension, a student will be advised of the reason for the proposed suspension and afforded an opportunity to present information on their own behalf. The student's parents will receive written notice that includes a statement of the reasons for the suspension.

A suspended pupil shall have the opportunity to make up any assignments and tests missed during the suspension period. The school will provide work for the student so that his/her future learning is not affected by the suspension. A student will receive credit for these assignments.

EXPULSION: Students may be expelled for up to two calendar years gross disobedience or misconduct. Expulsion shall take place only after the parents have been requested by registered or certified mail to appear at a meeting of the Board of Education, or to meet with a hearing officer appointed by the Board to discuss their son/daughter's behavior.

The request shall include:

- a. Details regarding the specific act of gross disobedience or misconduct resulting in the recommendation for expulsion;
- b. The time, date, and place of the hearing;
- c. A brief description of what will happen during the hearing;
- d. A list of the student's previous suspensions;
- e. A statement indicating that the School Code allows the School Board to expel a student for a definite period of time not to exceed 2 calendar years; and
- f. A request that the student or parent/guardian inform the District if the student will be represented by counsel at the hearing.

During the hearing, the student and his or her parent/guardian may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified on behalf of the administration, and otherwise present reasons why the student should not be expelled. After presentation of evidence, the Board shall decide the issue of guilt and take such action as it finds appropriate. If the Board decides to expel the student, the written expulsion decision will detail the specific reasons why removing the student from the learning environment is in the best interest of the school, as well as the rationale for the duration of the expulsion. If a hearing officer is appointed by the Board, he/she shall report to the Board a written summary of the evidence heard. A student may be readmitted to school after expulsion by official action of the Board of Education

DUE PROCESS FOR SUSPENSIONS AND EXPULSIONS:

Right to Review: The Appeals process must follow these 3 steps:

- A. Appeal to the Building Principal
- B. Appeal to Associate Superintendent or Designee
- C. Appeal to the Board of Education

Discipline of Students with Disabilities

The school will comply with the Individuals with Disabilities Education Act (IDEA) and the Illinois State Board of Education's *Special Education* rules when disciplining students with disabilities. No special education student shall be expelled for conduct that is a manifestation of his or her disability.

BIRTH CERTIFICATE REQUIREMENTS

Illinois law requires at registration, or within 30 days of registration, a certified copy of the student's county birth certificate to be on file with the district. If the certified copy is not available, then the school must be furnished at a minimum: the student's identity and age, along with an affidavit explaining the inability to furnish the birth certificate. If the person enrolling the student does not comply, this fact must be reported in writing to the local law enforcement agency. A written notice must also be sent to the person enrolling the student requiring compliance within 10 days. If the 10 days expire with no compliance, the situation must then be reported to local law enforcement.

CLOSED CAMPUS

The Middle School maintains a closed campus policy. This means that all students eat lunch at school. Students may only leave school with a written excuse for a doctor or dental appointment. In this case, parent or legal guardian must sign them out. Parents that need to take students from school must come into the building and sign them out at the office.

CO-CURRICULAR POLICY & ACTIVITIES

The purpose of the co-curricular programs at the Middle School is to offer a wide variety of experiences for our young people. We endeavor to provide an enjoyable and healthful experience to develop present and future physical, social, mental and moral maturity.

Our specific goals are:

1. to develop in the young student satisfaction and pride.
2. to generate the feeling of pride in our school, our teams, coaches, staff and communities.
3. to instill in each student a sense of integrity and loyalty.
4. to generate in the student a sense of responsibility.
5. to realize the need for and satisfaction in establishing and attaining personal and team goals.
6. to create and maintain desirable school characteristics by having our students exemplify self-discipline in the classroom as well as on the practice and game fields.

We further believe that both students and parents should share in the mutual efforts toward attaining these goals.

Participation in co-curricular activities is a privilege, and therefore students are expected to conduct themselves in a manner, which will bestow honor to herself/himself, the team, the school and community. We further feel that students should:

1. follow good rules of sportsmanship.
2. be good students working up to their capability in all their school work and maintain satisfactory grades.
3. avoid detentions or misbehavior.
4. attend practices faithfully as scheduled by the coach.
5. demonstrate good sportsmanship during both practice and games.
6. abstain from use of alcohol, tobacco, drugs and other substances, which are injurious to health, and minimize the effectiveness of the student's mind and body.

Students must maintain a high academic standard to be eligible to participate in co-curricular activities. Grades are monitored weekly. Students that have two D's or one F in the current week are ineligible to participate for one full week (Monday through Sunday).

Students, who do not adhere to the above guidelines, will become subject to penalty or ineligibility as deemed appropriate by his or her coach and/or the school administrators. This policy obviously does not cover all aspects of good conduct; therefore students and their parents are encouraged to talk to their coaches and/or administrators in situations, which are not covered by the above.

The complete co-curricular policy can be found in the co-curricular handbook. Copies will be given to all students participating in co-curricular activities. Extra copies can be picked up in middle school office.

Participation is dependent upon school attendance as well as academic performance and behavior. Students must be in school a minimum of 5 clock hours of attendance. Students who go home sick are ineligible to participate in that day's after school events. Students, who have detentions, which prevent them from reporting to the bus on time, will not participate nor will students who are on in or out of school suspension.

SPORT PHYSICALS: All students are REQUIRED to have a CURRENT sports physical on file at school BEFORE they can tryout or participate in any interscholastic sports. The physical must remain "current" during the entire sports season, meaning that it has been completed within the past 395 days of the participation date. Those who need sports physicals need to present an "**IHSA Pre-participation Examination**" form completed by the physician and the parents. An "**Illinois Certificate of Child Health**" form may also be used. If your child is in 8th grade, it would be advised to have the Illinois form filled out by the physician, as it will "count" for your physical that is required to enter 9th grade. Physical appointments need to be made well in advance of sport practices or tryouts. History shows that it takes time to schedule these appointments with your doctor.

CO-CURRICULAR ACTIVITIES

We encourage middle school students to become involved in activities outside the classroom. In this way, students learn to budget time wisely, learn how to work well with others and develop social skills. Students who are actively involved in extracurricular activities seem to enjoy their middle school years and seem less apprehensive about entering into the high school environment.

CLOTHING AND GROOMING / APPEARANCE CODE

Students are expected to keep themselves well-groomed and neatly dressed at all times. Any form of dress, that is considered disruptive to the educational process, is not permitted. Parents will be contacted in situations where student dress presents a problem.

Both research and experience have shown that student conduct, identification with the school purposes and activities, personal pride and self-respect and even the level of learning responses of students are all definitely related to personal appearance and mode of dress. Students should dress neatly but simply for school, rejecting extreme fads concerning hairstyles, make up or clothing.

In addition to dress, cleanliness is of utmost importance. Since the physical well-being for all in an institution is at stake, the building administration may at any time take disciplinary action upon any student if the administrator feels that the student's clothing or physical cleanliness is unsafe or interferes with the educational process.

We ask parents and students to become involved in supporting a "level of dress" that helps to promote a good atmosphere for learning. Through our health curriculum and in cooperation with the community programs, we share in the effort of prevention and education regarding drug and alcohol use and abuse among school age children. In view of this effort, the school does not view as appropriate dress clothing that advertises drugs or alcoholic beverages. Articles of clothing that are considered inappropriate are, but not limited to, hats, overly revealing clothing and dangerous/disruptive accessories. Any clothing that tends to interrupt the educational process and/or is demeaning to oneself or others is also considered inappropriate. Outerwear (jackets) may be brought to school, but during the school day must be kept in the student's locker and not carried around or worn during school hours.

APPEARANCE CODE

Middle School recognizes that there is a direct correlation between a student's appearance and his/her academic achievement. Our dress code is designed to eliminate distractions to staff, students, or other visitors that make up our school community while allowing for student comfort by promoting an environment this is conducive to academic success.

Acceptable clothing for students to wear is as follows:

- T-shirts that are free from inappropriate language, symbols, or graphics that make references to drugs, alcohol, tobacco, gangs, or innuendos that are suggestive in nature
- Shorts, slacks, skirts, or dresses that are worn and kept at the waist, that are free from writing across the seat and preferably extend to the knees, but minimally reach the tip of the longest finger while the arm is extended at the side
- Shoes that do not pose potential safety problems
 - State law requires that shoes be worn at all times in public buildings
- Coats and jackets are to be worn only when entering and departing from the building
- Head coverings that include but are not limited to caps, hats, sunglasses and bandannas are not to be worn in the building (except as required for religious or medical purposes)

Unacceptable articles for students to wear are as follows:

- Clothing, jewelry, or other garments that threaten the educational process and compromise the safety of the school's occupants including but not limited to hanging chains, protruding objects, or revealing attire
- Clothing that allows boxer shorts or undergarments to be seen
- Face painting or face drawings
- Halter tops, swim suit tops, spaghetti strap tank tops with straps less than 1" in width, off the shoulder or one shoulder tops, open back tops, bare midriff blouses and shirts, or any other clothing that bares the chest or midriff are not to be worn in school or at school sponsored events.

The administration reserves the right to make the final interpretation of the dress code guidelines. In addition, exceptions to this appearance code may be made for special school functions. Students will not be allowed to attend class until dressed properly. Parents should recognize that fad and fashion are not always appropriate for school and advise their children that appearance that is likely to be disruptive or dangerous will be prohibited.

DANCE GUIDELINES

Unless noted, Student Council and/or the staff for 6th, 7th and 8th grade sponsor school dances. It is expected that parental transportation will arrive and depart within 15 minutes of starting and ending times of the dance.

DANGEROUS WEAPONS POLICY

It shall be the policy of the District 158 School Board to prohibit the possession or the assistance of possession of weapons on school grounds, at any school activity, or on school transportation or any designated school transportation waiting area. The full District 158 policy on possession of weapons is found in Board Policy 7:190. A student who is determined to have brought one of the following objects to school, any school-sponsored event or activity, any event or activity that bears a reasonable relationship to school, or onto school transportation or a designated school transportation waiting area shall be expelled for a period of at least one calendar year, but not more than two calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 USC § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/1.1), or firearm as defined in section 24-1 of the Illinois Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look-alikes" of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 may be modified by the Superintendent and the Board on a case-by-case basis. Nothing in this section shall prevent the administration or the deans from determining that an object not listed in paragraphs 1 or 2 is or is not intended to be used as a weapon, and assigning an appropriate penalty in accordance with the Behavior & Discipline section of this Handbook or Board Policy 7:190. Any item determined by the administration or the deans to have been possessed, used, transferred, or controlled in violation of this section will be retained by school officials, and turned over either to a parent or legal guardian at the end of the school year, or to the police.

DISCOURAGED ITEMS (POSSESSION OF INAPPROPRIATE ITEMS)

Students shall not bring to school such items as, but not limited to: toys, cards (playing, trading, magic, etc.), tobacco and tobacco products, weapons of any kind, chemicals, electronic games, matches, fireworks, lighters, alcohol, over the counter and prescription medications, drugs and drug paraphernalia.

In the event that any type of contraband (vapor devices, cigarettes, drugs, etc.) is discovered as part of an investigation, it will be retained by the school and may be turned over to the police for destruction.

DISTRICT POLICY OF NONDISCRIMINATION & GRIEVANCE PROCEDURES

Non-Discrimination

No student shall be denied equal educational and extracurricular opportunities on the basis of color, race, national origin, religion, sex, sexual orientation, ancestry, age, physical or mental disability, gender identity, status of being homeless, order of protection status, marital or parental status, or pregnancy.

GRADE POINT AVERAGE (GPA)

GRADE POINT AVERAGE: In figuring a grade point average, points are earned for each quarter grade. These points are totaled and divided by the number of classes attempted.

A+ = 4.3	A = 4.0	A- = 3.7
B+ = 3.3	B = 3.0	B- = 2.7
C+ = 2.3	C = 2.0	C- = 1.7
D+ = 1.3	D = 1.0	D- = .7
F = 0		

Principal's List:	3.795 or better
High Honors:	3.495 – 3.794
Honors:	2.995 – 3.494

All classes are 1 credit. If a student is enrolled in ½ band or orchestra and ½ chorus, they will receive 0.5 credit for each class. Here is an example of how to calculate your GPA if you had the following grades in each class.

Example for calculation:

<u>Class</u>	<u>Credit</u>	<u>Grade</u>	<u>Points</u>
Art	1	3.7	3.7
PE	1	3.7	3.7
½ Band	.5	4.3	2.15
½ Chorus	.5	4.3	2.15
Science	1	4	4
Math	1	3.7	3.7
Literacy	1	3.3	3.3
History	1	4	4
TOTAL	7		26.7

$$26.7/7 = \text{GPA } 3.814$$

Honors Scale: Algebra 1 (H), Geometry (H), and English 1 (H) that have been determined to be taught at the rigor of an honors high school course are given extra consideration in determining the grade point average. Honors weighted courses will use the following point system.

A+ = 4.8	A = 4.5	A- = 4.2
B+ = 3.8	B = 3.5	B- = 3.2
C+ = 2.8	C = 2.5	C- = 2.2
D+ = 1.3	D = 1.0	D- = .7
F = 0		

HARASSMENT & HAZING/SEXTING/BULLYING

HARASSMENT AND HAZING

Any electronic device may be searched upon reasonable suspicion of sexting. All students involved in sexting may be disciplined. In all cases where sexting is suspected, school administrators may contact the police.

- Is intended to hurt the victim (socially, emotionally, or physically)

Bullying on the basis of actual or perceived race, color, nationality, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in the following situations:

Students determined to have committed an act of bullying may face disciplinary consequences up to and including a recommendation of expulsion, as well as possible referral to the police consultant for criminal charges.

HEALTH & SAFETY

Health Services

The health program is designed primarily to maintain health and prevent serious disability or illness. A nurse is employed by the District in each school to be on duty when children are present during the regular school day.

Except in emergencies, students need a pass from their teacher to visit the Health Office. If a student decides that he/she needs to see the nurse during a passing period, that student should report to his/her next class and receive a pass to the nurse from that teacher. If the nurse is not there or the Health Office is closed, the student should report to the main office in case of emergency.

The Health Office is to be used for acute illness, emergencies, or medication administration. It is NOT to be used by students to sleep, to congregate with others, or to eat due to missed meals at home. Our goal is to ensure the best possible education for our students by keeping the students in class.

Illness and injury Procedure When a student becomes ill at school, he/she may visit the Health Office. The Registered Nurse will assess the seriousness of the illness or injury and administer first aid. If warranted, the parents are notified. In accordance with the decision reached by the parent, the child may return to class, be picked up by the parent or guardian, or sent to the hospital. If the child has a fever of 100 degrees or greater, the student **MUST** be picked up from school. Other situations where a student must be picked up from school include, but are not limited to: vomiting, diarrhea, open lesions, lethargy, serious head injuries, eye drainage undiagnosed or new rashes, or redness and serious limb injuries. Parents will be called to come to school to assist if children are incontinent and need assistance in cleaning themselves. Parents are required to sign their child out in the office before leaving the building.

Students must call their parents from the Health Office. Per the school cell phone policy, students should not be texting or calling their parents on a cell phone during the day even if it pertains to illness. In the event that the student is unable to safely make it to the Health Office, a staff member will notify the RN and he/she will report to where the student is located. **911 will be called by the RN if any health situation is determined to be an emergency and parents will be notified immediately.**

Administering Medication to Students: Every attempt should be made to schedule medication administration outside of school hours. However, if under exceptional circumstances a child is required to take prescribed oral medication during school hours, the R.N., principal and/or their designee will administer the medication in compliance with the following regulations:

1. Prescription Medication:
 - **An "Administration of Medication Form" (which can be obtained from the health office or website) signed by the medical doctor AND the parent or guardian, and renewed annually.**

- **The original prescription bottle must be brought to school by the parent (children may NOT carry the medication to school).**
 - The prescription bottle label must contain the child's name, name of medication, time to be administered, dosage, possible side effects and termination date of administering the medication.
2. Non-Prescription Medication:
- **An "Administration of Medication Form" (which can be obtained from the health office or website) signed by the medical doctor AND the parent or guardian, and renewed annually.**
 - Some non-prescription medications (Acetaminophen, Ibuprofen) may be supplied by the school – please check your school for specifics. (All medication needs to be labeled with the child's name and brought to school by the parent).
 - Medication will be brought to the school by the parent; students may not carry medication.
 - This includes prescription or over-the counter medication in the school setting with the exception of the medications listed below.
3. Asthma Medication:
- **Students may carry their own asthma inhalers.** Occasionally parents provide an additional inhaler to be kept as back up in the nurse's office.
 - The parent must provide:
 - Written authorization through the "Request for Self-Administration of Asthma Medication" form found on the website.
 - A prescription label with the name of the medication, the prescribed dosage and the time or circumstances under which the medication is to be administered.
 - It is recommended that an Asthma Action Plan (blank form can be obtained from the website) be provided by the student's physician.
4. Epinephrine Auto injectors (PRESCRIBED for an individual) (Epi-Pens).
- Students may carry and self-administer an epinephrine auto-injector (Epi-pen), provided that:
 - i. the student's parents have signed written authorization for the self-administration of medication, and written authorization from the student's physician, physician's assistant, or advanced practice registered nurse, which includes the following information:
 1. The name and purpose of the epinephrine auto-injector;
 2. The prescribed dosage, and
 3. The time or times at which or the special circumstances under which the epi-pen is to be administered.
5. The Emergency Epinephrine Act, P.A. 9700361 (the Act) became law in Illinois in 2011, permitting schools to stock a supply of epinephrine Auto-Injectors, authorizing physicians to provide school districts and non-public schools with a prescription to obtain the Emergency Auto-Injectors from local pharmacists, and giving School Nurses, and other trained personnel, the authority to provide/administer the epinephrine to any person whom they believe in good faith is having an anaphylactic reaction. This includes students, staff, and visitors. The standing order and emergency supply of Auto-Injectors are kept in the office of the School Nurse.
6. Illinois School Code 5/22-30 permits schools to maintain a supply of undesignated opioid antagonists in the name of the District and provide or administer them as necessary according to State Law. Opioid antagonist means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including but not limited to, naloxone hydrochloride (Narcan) or any other similarly acting drug approved by the U.S. Food and Drug Administration. A Huntley Community School District School Nurse may administer an undesignated opioid antagonist when they, in good Faith, believe a person is having an opioid overdose. This includes students, staff, and visitors. The standing order and emergency supply of naloxone are kept in the office of the School Nurse or carried by the School Nurse.

The district and Its employees and agents, including the physician, physician assistant, or advance practice nurse providing the standing protocol or prescription for school epinephrine auto-injectors and or opioid antagonist, shall incur no liability or professional discipline, except for willful and wanton conduct, as a result of any injury arising from the administration of an undesignated epinephrine auto-injector and or opioid antagonist, regardless of whether authorization was given by a student's parents or guardians, or by a student's physician, physician assistant, or advance practice nurse.

Communicable Diseases

Please notify the school office as soon as possible if your child contracts any contagious disease. If such a disease is contracted, the child must be excluded from school. Communicable disease such as; chicken pox, German measles, impetigo, influenza, measles, mumps, scarlet fever, infectious mononucleosis and Strep throat are contagious before they reach a stage where they can be recognized and diagnosed. Certain communicable diseases will require a doctor's release for the student to re-enter school. Please check with the health office for specifics. As always, please keep your child at home during an illness to decrease the number of students who are exposed to the illness. **Students who have been running a fever (100 or greater) should be kept home fever-free for 24 hours before they return to school. Students should also remain at home for 24 hours after vomiting has stopped and student can tolerate a solid diet. Parents are also strongly encouraged to keep students home until diarrhea-free for 24 hours.**

Emergency Information: There are times when a student's illness or injury requires transportation to the hospital. The local rescue squad will transport student requiring emergency medical treatment to the appropriate medical facility. Every attempt will be made to notify the parent or guardian before transport. In order to contact parents quickly in the event of an emergency, it is required that we have complete and current information in PowerSchool on the following items; · Your home address and telephone number · Working status of both parents, including the name of the company, the address and the phone number where you can be · reached. · The name and phone number of a neighbor or friend who is willing to attend to your child in an emergency. · It is the parents' responsibility to notify the Registration Office at the District Office of any changes in the aforementioned items.

Immunizations: All physicals and immunizations must be submitted prior to the first day of school or students will not be allowed to attend school. Every child who enters preschool, kindergarten, sixth or ninth grade and every child who enters a school, irrespective of grade, must present evidence of immunization against measles, tetanus, diphtheria, poliomyelitis, varicella (chickenpox) pertussis (whooping cough), meningitis, rubella, mumps, and Hepatitis B. A dental examination must be provided to the health office for students entering kindergarten, 2nd and 6th grades. A vision examination must be provided to the health office for students entering kindergarten or transfer students entering Illinois schools for the first time. Dental and vision examination forms can be downloaded from our website. There are two exceptions to this State Law: ·

- Children whose parents or legal guardians object to health examinations or immunizations on religious grounds must present a signed written statement of objection, detailing the personal religious beliefs for such objections, to the Health Office (form letters will not be accepted).
- If the physical condition of the child is such that any one or more of the immunization agents should not be administered, the examining physician responsible for the performance of the health examinations shall endorse such fact upon the health examination form. (Illinois School Code).

Physical Examinations: In accordance with the Illinois Department of Public Health and the Illinois School Code, **physical examinations are required for all students entering kindergarten, sixth grade and ninth grade.** Physicals are also required of all transfer students and students participating in interscholastic sports and **must be completed on an "Illinois Certificate of Child Health" Examination form.** Physicals are also required of all transfer students and students participating in interscholastic sports. The physical examinations must include a record of all immunizations that the child has received. **All physicals and immunizations must be submitted prior to the first day of school or students will not be allowed to attend school.** Physical forms are available in the Health Office or the District 158 website.

- **Individual Physical Restrictions:** At times, individual students may require special restrictions to their activity level due to a medical situation. Any restrictions of physical activity need to be submitted by a medical physician and must specify the amount of time that the student has the activity restrictions. Please note that physician directives for ongoing activity restrictions need to be reviewed, and resubmitted, annually.
- **Sports Physical Requirements**
All students are REQUIRED to have a CURRENT sports physical on file at school BEFORE they can tryout or participate in any interscholastic sports. The physical must remain "current" during the entire sports season, meaning that it has been completed within the past 395 days of the participation date. Those who need sports physicals need to present an "**IHSA Pre-participation Examination**" form completed by the physician and the parents. An "**Illinois Certificate of Child Health**" form may also be used. If your child is in 8th grade, it would be advised to have the Illinois form filled out by the physician, as it will "count" for your physical that is required to enter 9th grade. Physical appointments need to be made well in advance of sport practices or tryouts. History shows that it takes time to schedule these appointments with your doctor.

HOMEWORK

Homework is an extension of learning in the classroom. Homework is assigned to challenge, reinforce and motivate. The quantity of homework will increase gradually throughout the grade school years, as students are able to assume greater responsibilities and independence. Some homework may be done during class or study hall. Whenever possible, supervised study time will be given in the classroom to help students get off to a good start on their assignments.

Homework is a good way of involving parents in the learning process and keeping them informed about their child's progress. It is important, however, that assignments be completed by the student in order for the teacher to make an accurate assessment of the student's learning. Both long and short term homework assignments will help students establish regular study habits, learn to budget time, develop an interest in the work assigned and learn the importance of accomplishing and turning in work on time.

Academic Limitations on Homework

- Homework will not account for more than 40% of a student's overall grade.
- Late assignments are defined as assignments not turned in to the teacher when they are requested.
- Late assignments may be accepted for partial credit during a particular unit of study. Assignments may not be accepted for credit when that unit of study has been completed.
- Assignments turned in late will be assessed at a minimum of ½ credit.
- Extra credit may or may not be available in any given class at the discretion of the classroom teacher or team. Extra credit assignments shall not exceed 2% of a student's overall grade.

Academic Dishonesty: District 158 Middle Schools promote academic honesty. Students are expected to complete their own work. Therefore, credit will only be assigned to those students who submit their own original work.

Academic dishonesty is defined as, but not limited to the following:

Plagiarism – using another person's ideas, expressions, or writings as one's own.

Cheating including but not limited to:

- cheat sheets for tests or quizzes
- copying another person's work and turning it in
- using notes or technology without permission and turning it in
- telling other students what's on tests or quizzes

Students who are academically dishonest will be subjected to one or more of the following consequences:

- the loss of credit for assignment, quiz or test
- a phone call to their parent(s)
- the notification of and consequence assigned by a school administrator
- a parent conference with parents, student, teachers, and administrator(s)

HONOR ROLL

Those earning 3.495-3.794 will be acknowledged with High Honors and students with a 3.795 or better average will be placed on the Principal's List. Grades in reading, language arts, math, social studies, science, exploratory, band/chorus/orchestra, and physical education will be used to calculate the honor roll.

IDENTIFICATION CARDS

Students will be given an identification card and a breakaway lanyard at the beginning of the school year. Students are required to wear and properly display the identification card for the current school year. The ID card must be attached to a breakaway lanyard, worn around the neck, and visible at all times during the school day except when specifically exempted on a temporary basis by a faculty member. Students may not embellish their ID card with any drawing or writing. Students without an ID card or lanyard must obtain a replacement card or lanyard immediately upon entering the school building. Lost ID cards must be replaced at the student's expense through the Main Office. Disciplinary consequences will apply as follows for failure to properly wear and display the identification card for the current school year:

- d. The *fair use* rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- e. Student work may only be published if there is written permission from both the parent/guardian and student.

Use of Email - The District's email system and its constituent software, hardware, and data files, are owned and controlled by the District. The District provides email to aid students and staff members in fulfilling their duties and responsibilities, and as an education tool.

- a. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student or staff member to an email account is strictly prohibited.
- b. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
- c. Electronic messages transmitted via the District's Internet gateway carry with them an identification of the user's Internet "domain". This domain is a registered name and identifies the author as being with the District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.

LIBRARY RESOURCE CENTER (LRC)

The LRC provides materials that support the mission of the district as well as the mission, philosophy, and goals of the middle school. Materials circulate for a period of two weeks. A student ID is required for library check out. All materials will be due two weeks before the end of the school year for inventory. Periodicals, reference materials and media materials are available for students to use in the LRC but do not circulate.

Students are charged fines for overdue books. The fine is \$.10 per day. Students having overdue materials OR fines will not be allowed to check out any more items until their account is clear. Students will be required to pay for books that are lost or damaged before any more materials can be checked out.

The LRC is a classroom. Student conduct as mentioned in other sections of this handbook will apply to the LRC. The LRC staff work with both students and faculty to provide reference/ research assistance and bibliographic instruction to meet the needs of the curriculum. While the LRC serves as reference and resource center for students, it serves faculty as a teaching station. Students will need to respect this dual function and act in an appropriate and responsible manner.

LOCKERS

Lockers are school property and thus are to be used only for the purpose of storing books, notebooks, lunches, coats, and other school related items. Students have no reasonable expectation of privacy in the locker assigned to them. Students may not display or store inappropriate or illegal materials in their lockers. **School lockers are subject to random search, without notice or consent. Individual lockers may be searched where there is reasonable suspicion to do so.** Sharing of lockers is not permitted. Opening of another student's locker or locker tampering of any kind may result in disciplinary action. Backpacks should be kept in lockers at all times unless authorized by an administrator due to the need for an intervention or special need.

LUNCH

Students are advised that the middle school uses an electronic system for purchasing lunch. Money may be added to the lunch account by placing the check or currency in an envelope with the student's name and ID number and bringing it down to the main office first thing in the morning. There is designated drop off for this payment on the front counter. The cafeteria will gather and place these payments in the student's lunch account before lunch begins. It is encouraged that students not bring cash or checks down with them at lunch as this slows the process for feeding all students. If a purchase is made with cash the remaining amount will be paced in the student's account. No change will be given. The cost of a daily lunch ticket and ala carte items will be decided before registration.

Students must remain at school during lunch. Students are expected to be courteous and mannerly. Parents will be advised of inappropriate behavior, which, if not corrected, will be followed up with appropriate school consequences such as but not limited to, the loss of the privilege of eating in the school lunchroom or an assigned lunch room seat.

Lunches/food not provided by the school should be limited to just your child. Large quantities of lunches/food brought in during the school day cause an unnecessary disturbance in the building.

MESSAGES TO STUDENTS

Delivering messages during class time is especially disturbing since lesson plans and continuity of thought are often disrupted. Parents are urged to reserve such requests only for serious emergency situations. Arranging for medical appointments, transportation requests or family activities are best done before school. If an urgent and necessary message must be sent to a student, call the middle school main office. In addition students who are feeling ill must be seen by the nurse, determined to be sick, and must call home from the nurse's office phone as part of school policy. **Students are not to call or receive calls/text messages on their cell phones during school hours.**

The middle school also understands that students may forget homework or school related items. Please understand that we will not interrupt classroom instruction or academic progress to call down the student for these items. The school has two general call-down times during the day when the student will be asked to come down for the items.

PASSES

With the exception of passing times, students in the halls must have a pass issued by a staff member.

PEER RELATIONSHIPS

In order that the Middle School peer relationships remain at the highest level, we have what we call the "Hands Off Policy". Public displays of affection and inappropriate and/or unwanted touching are unacceptable behaviors and subject to disciplinary consequences. This is strictly adhered to in the building, on the campus, or at school related events.

PESTICIDE NOTIFICATION

Parents/guardians will be notified 2 days prior to the application of any pesticides, and no pesticides will be applied while students are present at school (except where an emergency situation would require immediate application).

PHYSICAL EDUCATION / PE UNIFORMS

Students in grades 6-8 are required to wear a P.E. uniform while participating in Physical Education. All students will be expected to dress in proper PE attire and participate in PE except those who have a written doctor's excuse and/or a note from the nurse. Normally a student who provides the nurse with a note from a parent can be excused from PE for up to 3 days. After 3 days, a doctor's note must be provided. Parent notes will only be honored twice per semester.

POWERSCHOOL

District 158 parents can access this internet-based program that allows parents to be involved in their child's education. PowerSchool, which draws information from our student database system, provides parents with timely information about their student's progress in school. Parents have real time access to their child's grades, assignments and attendance information. Students also have their own accounts to access school information from home or at school.

Password information for students and parents and information on how to use the system are available from the District Registration office (847-659-6147).

PROGRESS REPORTS/REPORT CARDS

Mid quarter progress report grades will be available on PowerSchool. An Alert Solution notification will be sent to parents on the day that mid quarter progress report grades are updated. Quarterly report cards will be sent home with your child. An Alert Solution notification will be sent to parents on the day that report cards are distributed. Parents may also access current grades at any time by using their parent account on PowerSchool.

PROPERTY

Students are to respect the property of others including that of students, staff and school. School issued materials, such as textbooks, lab materials, etc. are on loan to students. Any damage or replacement costs are the student's responsibility. Student storage areas are school property and thus are to be used only for the purpose of storing books, notebooks, lunches, coats, etc. These areas are subject to search by school authorities.

REMEDIATION / RETENTION POLICY

1. Decisions to promote or retain students shall be based on GPA in the four (4) core academic areas of science, social studies, math and literacy, also attendance, performance on standardized tests, team observations, participation, attitude and effort in the remediation process and other issues, which may be relevant. Decisions will not be made upon age or other social reasons not related to the academic performance of the students in accordance with state law.
2. Due to the research indicating the negative outcome regarding retention, the Middle School thinks that effective decision-making regarding retention needs to include a remediation plan throughout the school year. The remediation/retention process is a continuous process over the course of a school year. It becomes more intense and restrictive as a student progresses through the remediation process. Retention will only occur if the remediation process is not successful.
3. A team makes recommendations to the principal regarding retention. The principal will have final decision-making authority over all retention decisions.

SCHOOL DAY

School hours for students in grades 6-8 are 7:30 A.M. - 2:25 P.M. We ask that students arrive on school grounds no earlier than fifteen minutes prior to the start of their school day.

SEX EQUITY

No student shall be denied equal access to programs, activities, services, or benefits, be limited in the exercise of any right, privilege, or advantage, or be denied equal access to educational and extracurricular programs and activities on the basis of sex, sexual orientation, or gender identity.

Any student may file a sex equity complaint with the district's Complaint Manager or Nondiscrimination Coordinators, in accordance with the District's Uniform Grievance Policy (Board Policy 2:260). A student may appeal the School Board's resolution of a complaint filed to the Regional Superintendent, and, thereafter, to the State Superintendent of Education.

SMOKING

Students and parents are not permitted to smoke in the school building or on school grounds. This includes all after school activities and school related events.

STUDENT RECORDS

The District will maintain two sets of records for each student: a permanent record and a temporary record. All student records are permanent upon graduation for 60 years. (i.e., if your child graduated from high school in the class of 2000, records would be kept until the year 2060.)

The permanent records may include:

- Basic identifying information
- Accident and health reports
- Information pertaining to release of this record
- Academic Transcripts
- Honors and awards
- Attendance Record
- School-sponsored activities and athletics

The temporary record may include:

- Family Background
- Achievement test results
- Teacher anecdotal records
- Verified reports of information from non-educational persons
- Verified information or clear relevance to the student's education
- Information pertaining to release of this record
- Intelligence and aptitude tests
- Participation in extracurricular activities
- Disciplinary information
- Psychological reports
- Honors and awards
- Special education records

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and copy the student's education records within 15 school days of the day the District receives a request for access.

Eligible students and parents or guardians of students less than 18 years of age have the right to inspect and copy their permanent record. Parent/s guardians or students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent(s)/guardians or eligible student of the time and place where the records may be inspected.

The rights contained in this section are denied to any person against whom an order of protection has been entered concerning a student (105 ILCS 5/10-22.3c, 105 ILCS 10/5a, and 750 ILCS 60/214(b) (15).

2. The right to request the amendment of the student's education records that the parent(s)/guardian(s) or eligible student believes are inaccurate, misleading irrelevant, or improper.

Parent(s)/guardian(s) or eligible students may ask the District to amend a record that they believe is inaccurate, misleading, irrelevant, or improper. They should write the school principal or records custodian, clearly identify the part of the record they want changed, and specify the reason.

If the District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the District will notify the parent(s)/guardian(s) or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure is permitted without consent to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent(s)/guardian(s) or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll as well as to any person as specifically required by the State for federal law. Before information is released to individuals described in this paragraph, the parent(s)/guardian(s) will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

The right to challenge school student records does not apply to: (1) academic grades of their child, and (2) references to expulsions or out-of-school suspensions, if the challenge is made at the time the student's school student records are forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent(s)/guardian(s) can be identified; any person named in a court order; and appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons.

4. The right to a copy of any school student record proposed to be destroyed or deleted.

Student records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

5. The right to prohibit the release of directory information concerning the parent's/guardian's child.

Throughout the school year, the District may release directory information regarding students, limited to: name, address, grade level, birth date and place, parents'/guardians' name and address, academic awards, degrees, and honors, information in relation to school-sponsored activities, organizations, and athletics, major field of study, or period of attendance in school.

Any parent(s)/guardian(s) or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the Building Principal within 30 days of the date of this notice. No directory information will be released within this time period unless the parent(s)/guardian(s) or eligible student is specifically informed otherwise.

6. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.

7. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that

administers FERPA is: Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

STUDENT SERVICES

WAIVER OF STUDENT FEES:

Waiver of student fees will be granted to those students who qualify. Parents/guardians may apply for waiver of school fees by completing and submitting a District fee waiver form and confirmation of current income. The Board Policy regarding fee waivers and a fee waiver application form will be sent to all parents of enrolled students prior to the start of the school year. These forms are also available by contacting the District Office at 847-659-6155

GUIDANCE AND COUNSELING:

The middle school guidance counseling staff acts as a resource to teachers and students in educational, social/emotional development, and career awareness activities. Academic counseling is available when students appear to have organizational or motivational problems in school. The counseling staff will help coordinate home-school communication as necessary and also act as a liaison between students and teachers.

Individual counseling may be provided upon request of the pupil, parent or teacher. Such confidential discussions may be on any topic of concern including school adjustment problems and personal problems. Counselors do not do therapy, but can and will provide referrals as needed. In addition to the above services, it is our goal to provide for the personal growth and development of all students regarding such issues as self-esteem, decision making, social skills, life safety, etc.

Problem Solving Team (P.S.T.): Students who are experiencing academic, behavioral or social/emotional concerns, which affect academic performance, may be referred to our P.S.T. team. This regular education program is designed to assist and support students at-risk for academic failure. Staff and/or parents may refer students for this program to the child's guidance counselor. Based on the student's needs, an action plan will be developed and monitored to assist the student in achieving academic success.

Response to Intervention: Response to Intervention (RtI) is a multi-tier approach for early identification and support of students with learning and behavior needs. The RtI process begins with high-quality instruction and universal screening of all children. Children with identified needs are provided with interventions at increasing levels of intensity to accelerate their rate of learning. These interventions may be provided by a variety of personnel, including general education teachers, special educators, paraprofessionals, and specialists. Progress is closely monitored to assess both the learning rate and level of performance of individual students. Educational decisions about the dynamics, intensity and duration of interventions are based on individual student response to instruction. RTI is designed for use when making decisions in both general education and special education, creating a well-integrated system of instruction and intervention guided by child outcome data.

The state of Illinois provides districts and schools with a framework for using RtI to determine a student's eligibility for and entitlement to special education services. Effective, research-based core instruction, interventions, and assessment play a critical role in this process and data from the core curricula and instruction, as well as interventions, is used in the eligibility determination process. If the intervention plan shows that the student demonstrates performance discrepancy as indicated by national, state and local assessments and do not demonstrate educational progress through those established national, state or local norms, the team will then refer the child to the Individual Problem Solving Team to discuss the process of special education entitlement.

Special Education: The District shall provide a free appropriate public education in the least restrictive environment and any necessary related services to all children with disabilities enrolled in District 158, as required by the Individuals with Disabilities Act (IDEA). Once a student is determined to have a disability under IDEA an Individualized Education Plan will be developed by a team of educators along with parents. District 158 provides a continuum of services to children with Individual Education Plans (IEPs). Every effort is made to educate the student within their home school and classroom environment. The Individualized Education Plan (IEP) team, including parents and educators, meets annually to determine the needs of students and the child's least restrictive environment. Students who move into District 158 with an Individual Education Plan will be provided with the services listed on said Individual Education Plan. All students with Individual Education Plans are afforded the safeguards and rights described in the Educational Rights and Responsibilities: Understanding Special Education in Illinois.

Discipline: The school will comply with the Individuals with Disabilities Education Act (IDEA) and the Illinois State Board of Education's *Special Education* rules when disciplining students with disabilities. Students eligible for special education services or those students receiving services under a Section 504 service plan may have an individualized behavioral intervention plan as provided in District Policy and as required by Illinois law. **However, all students must conform to the middle school handbook policy codes.**

Transportation: All Huntley School District 158 students with Individualized Educational Programs are provided with transportation entirely at District expense. The mode of transportation will be determined via the IEP conference. Parents wishing to waive the right to district approved transportation and desiring reimbursement for such services must seek reimbursement through the state of Illinois. District 158 will not provide reimbursement for expenses incurred by parental transport of students, as transportation is provided through avenues determined via the IEP conference at no expense to the student or guardian. Individuals wishing to apply for state reimbursement must do so within the state appointed guideline and meet deadlines set forth by the state. Applications for reimbursement from the state may be obtained by the Huntley School District 158 Transportation Department at 847-659-3000.

SURVEILLANCE

For the safety of our students and staff, surveillance cameras are located throughout our school buildings and anyone on school property may be videotaped.

TRANSPORTATION / BUS DISCIPLINE

The Transportation Department and its staff are dedicated to the service, safety and wellbeing of all of School District #158's students that it transports. Therefore the following guidelines and rules need to be followed and adhered to.

Bus Transportation: School bus transportation is an important part of each student's education experience and the Transportation Department will assist in making this experience as pleasant as possible. It is the responsibility of the Transportation Department to design and implement routes and stops according to guidelines set forth by the Illinois State Board of Education and Illinois State Law. Students are required to ride their designated routes and get on and off at their designated stops. Students must be picked up and dropped off at the same location Monday through Friday. Transportation needs to keep track of students riding their designated routes in the event of an emergency (i.e. bus collision, lost or missing students). Due to the number of students that are transported in the district and the growth in School District #158, it is no longer feasible to let students ride home on routes other than their designated routes. In the event of an emergency the parent must call the Transportation Department at **847-659-3000** to request a change in their child's designated route. Requests for changes will be accepted or denied based on the number of regular students riding the bus. Parents will have to contact Transportation and then Transportation will notify the school of the change.

Bus Danger Zones: Statistically school bus transportation is the safest means of transportation that a student can take to and from school. A student has a 150 times greater risk of being in an accident to and from school via another vehicle other than a school bus. The area within ten (10) feet in the front, sides, and rear of the bus are the most dangerous areas of the bus known as the DANGER ZONE. Precautionary guidelines must be adhered to when students are loading and unloading. At no time should a student while loading or unloading, walk directly alongside of the bus nor should a student cross the road behind the bus. Students need to remain at least 10 feet away from the bus before loading. When unloading, students must exit the bus directly away from the bus, moving directly away from the bus at least 10 feet away from the bus. If a student should drop a personal item directly in front of or alongside of or at the rear of the bus the student should not retrieve that item until first letting the driver know that they have dropped that item. The driver will then decide if it is safe to retrieve the lost item. Not following these guidelines is a serious safety offense and the drivers have been directed to submit bus conduct reports of students that do not follow these guidelines.

Bus Drivers: School District #158 bus drivers are responsible for the students riding their buses just as teachers are responsible for the students in their classrooms. Students are required to obey the driver at all times. The bus driver is required to report students that violate the rules of proper behavior and conduct while riding the bus. Bus drivers are not authorized to approve requests to change routes or make unauthorized stops unless approved through the Transportation Office.

Bus Stops: Students need to be at their designated bus stops 5 minutes prior to the scheduled arrival time of the bus. Bus drivers are required to report any student(s) that are consistently tardy for their bus, as corrective action may be necessary. It is important that the buses maintain a timely schedule. Students need to stand a safe distance on the sidewalk away from the curb and street where sidewalks are provided. In areas where sidewalks are not provided students need to stay off the road and harm's way of motorists using the roadway. Students waiting for the bus are not to approach the bus until the bus has come to a complete stop and the driver has opened the door. Students are to get on the bus single file in an orderly fashion without pushing and shoving. Students are to find a seat immediately. When students need to cross a road before boarding or after exiting the bus they must wait to do so until the driver has signaled them, giving permission to cross. Students should cross the road far enough in front of the bus (approximately 10 feet) so that the driver can see the student and the student can see the driver. Students that need to cross the road should notify the driver before

getting off the bus that they would need to cross the road. The student should then exit the bus and proceed to the front of the bus remaining at least 10 feet in front of the bus, remaining on the curb or edge of the roadway, until the driver signals the student permission to cross the road. Students when unloading need to immediately step at least 10 feet directly away from the bus and proceed immediately to their destination. At no time should a student while loading or unloading, walk directly alongside of the bus nor should a student cross the road behind the bus. Not following these guidelines is a serious safety offense and the drivers have been directed to submit bus conduct reports of students that do not follow these guidelines.

Bus Discipline

The bus is an extension of the school and classroom in which all school rules, regulations and discipline policies and procedures apply.

- Transportation Is A Right That Can Be Suspended
- Every student has a right to a safe and enjoyable ride to and from school, which is free from intimidation, threat or harassment.
- Each student is responsible, as well as his/her parents, for their behavior while on the bus and in the school bus loading, unloading areas.
- Suspension of a student's bus riding privileges is not considered an exclusion, expulsion or suspension from school. However, students suspended from the school bus who do not have alternate transportation to school will have the opportunity to make up missed school work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.
- If a student loses his/her bus riding privileges, their parents are responsible for transporting their student to and from school.
- Unacceptable conduct on the school bus or at a school stop may result in a warning, detention, suspension or expulsion from school.
- Decisions regarding special education students will take into account related disabilities and I.E.P.'s pertaining to transportation.

TRESPASSING

Suspended students and unapproved visitors are not to be on campus or at school sponsored activities on or off campus, without specific permission from the principal's office. Failure to obtain this permission may result in arrest for trespassing and /or appropriate school consequences.

Students in the building during non-school times must be approved prior to admission or be subject to a charge of trespass. **Students should not be in the school building after school is dismissed unless for some academic or extra-curricular reason.** Loitering can result in disciplinary action by the principal or possible arrest for trespassing.

VISITORS

Upon entering our school, we require that all visitors' report to the middle school office and sign in to receive a visitor's pass. Visitors who wish to remain in the building will be issued a pass. Violators may be questioned by any staff member and asked to leave the premises. Violators, who refuse to leave, may be subject to legal action.

STUDENT VISITORS: Students will not be allowed to bring guests to school during the school day.

WALKING / BICYCLES/DROP OFF/PICK UP

For safety purposes, it is not recommended that students walk or ride bicycles to school. Adults that choose to drop off/pick up students are asked to review the drop off/pick up procedures carefully. We are aware that many drivers are in a hurry to drop off/pick up their student and get to their next destination; however, **the safety of our students and drivers is most important**. To create a safe, calm and orderly morning and afternoon for all involved please follow the drop off/pick up protocol at all times.

Morning: All students should be dropped off in the drop off lane that is designate curbside in the front of the school. Please use the entire front of the building to drop off, helping to efficiently drop off as many students in the quickest time possible. This is a single use lane. Only buses are allowed in the back of the school. No student should be dropped off in parking lot. Students are allowed in the building at 7:15 am.

Afternoon: All students being picked up must be picked up in the pickup lane that is designate curbside in the front of the school.
