Board of Education members, as individuals, have no authority over school affairs, except as provided by law or as authorized by the Board.

The powers and duties of the Board of Education generally include:

1. Formulating, adopting, and modifying District policies, at its sole discretion, subject only to mandatory collective bargaining agreements and State and federal law.

2. Employing a superintendent and other personnel, making employment decisions, and dismissing personnel.

3. Directing, through policy, the Superintendent, in his or her charge of the District’s administration.

4. Approving the annual budget, tax levies, major expenditures, payment of obligations, annual audit, and other aspects of the District’s financial operation.

5. Entering contracts using the public bidding procedure when required.

6. Providing, constructing, controlling, supervising, and maintaining adequate physical facilities.

7. Approving the curriculum, textbooks, and educational services.

8. Evaluating the educational program and approving School Improvement and District Improvement Plans when they are required to be developed or revised.

9. Establishing and supporting student discipline policies designed to maintain an environment conducive to learning, including hearing individual student suspension or expulsion cases brought before it.

10. Establishing attendance units within the District and assigning students to the schools.

13. Providing student transportation services.

14. Entering into joint agreements with other Boards of Education to establish cooperative educational programs or provide educational facilities.

Specifically, each individual Board of Education member must, if an allegation is raised to the member during an open or closed Board meeting that a student is an abused child as defined in the Act, direct or cause the Board of Education to direct the Superintendent or other equivalent school administrator to comply with the Act’s requirements concerning the reporting of child abuse.

16. Communicating the schools’ activities and operations to the community and representing the needs and desires of the community in educational matters.

17. Endeavoring to attend all meetings, discuss items presented on the agenda, suggest other items for consideration, and vote upon motions presented. It is important that public Board of Education members be non-partisan in dealing with school matters and place the education of children above any partisan principal, group interest, or personal ambition.
