May 3, 2018

Dear Huntley High School Families and Students,

The Huntley High School English Department is very excited to share information about the District 158 Summer Reading Program, a district-wide effort to encourage ongoing learning and student growth beyond the confines of the school year. Reading over the summer months is an important opportunity for students to stay engaged and to develop a lifelong commitment to reading and learning.

The Huntley High School English Department requires all students to read one book over the summer. The titles were selected by each course with the main purposes of student engagement and preparation for the coming year. Families will find the specific information for all grade levels, including Advanced Placement and Dual Credit courses, attached to this letter.

These books are readily available for purchase in stores such as Barnes and Noble and Half Price Books. Students may also purchase the book through an online warehouse or marketplace such as Amazon (and may even purchase the book as an electronic download if available). The Huntley Public Library has been notified and will also have copies available of these titles.

Students must complete their summer reading by the first week of school. After this time, teachers will incorporate activities into their lessons that address the required summer reading.

We thank you for supporting this district-wide Summer Reading program. Have a great summer and happy reading!

Please visit the English Department Summer Reading Page (<https://goo.gl/L50sVh>) for more information.

Sincerely,

*Shaina Poczowski*
